# Family Support Administration

## What does this appropriation support?

Family Support Administration provides funding for salaries, communication costs and office expenses for the central office management and support staff. Administrative staff provide over-

sight, direction and general support for the Family Support Division's (FSD) statewide needs based, child support and rehabilitation services for the blind programs.

FSD is charged with administering a variety of needs based and service programs. These programs include: Child Support Enforcement, Temporary Assistance, Food Stamps, Food Distribution, Family Nutrition, Emergency Shelter Grant Program, Homeless Challenge Grant Program, Community Services Block Grant, Energy Assistance, Refugee Assistance, Supplemental Aid to the Blind, Services for the Visually Impaired, MO HealthNet eligibility, Adult Supplementation, Nursing Care, SCHIP eligibility, Child Care eligibility and Blind Pension.

## What is the authorization for this program?

State statutes: RSMo 207.010, 207.020  
Federal regulations: 45 CFR Chapter 111

## Is this a federally mandated program?

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet would be considered federally mandated. Resources used to support other programs would be considered non-mandated.

## Are there federal matching requirements?

Family Support Administration federal fund reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around 43% federal (57% state match) or at the level as specified under a specific grant such as Child Support IV-D (66% FF and 34% state) or Food Stamp Administration (50% FF and 50% state) if the expenditures are allowed as reimbursable under that particular program. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate. In addition, some administrative expenditures may be pooled with other department administrative expenditures to earn an indirect federal fund reimbursement rate or may be used as Maintenance of Effort (MOE) to earn the Temporary Assistance for Needy Families block grant and Social Services Block Grant.

# Income Maintenance Field Staff and Operations

## What does this appropriation support?

Provides for direct line staff (Family Support Eligibility Specialists, Supervisors and County Managers) and support staff to operate the Income Maintenance programs in each county in the state of Missouri. The Family Support Division has branch offices in each of the 114 counties and the City of St. Louis.

Income Maintenance programs include: Temporary Assistance; MO HealthNet for Families (MHF); MO HealthNet for Kids; Pregnant Women; Supplemental Aid to the Blind; Blind Pension; Adult Supplementation Programs (SSI-SP, SP Only); Food Stamps; MO HealthNet for the Aged, Blind and Disabled; Supplemental Nursing Care; Refugee Assistance and Child Care eligibility.

## What is the authorization for this program?

State statutes: RSMo 207.010, 207.020, 208.400

## Is this a federally mandated program?

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet would be considered federally mandated. Resources used to support other programs would be considered non-mandated.

## Are there federal matching requirements?

IM Field Staff and Operations expenditures are reimbursable at the Income Maintenance time study rate of around 43% federal (57% state match) or at the level as specified under a specific grant such as MO HealthNet Administration (50% FF and 50% state) or Food Stamp Administration (50% FF and 50% state) if expenditures are allowed as reimbursable under that particular grant. The time study rate is determined by polling a select number of Income Maintenance staff. In addition, some expenditures may be used as Maintenance of Effort (MOE) to earn the TANF block grant and Social Services block grant (SSBG).

## Efficiency and Effectiveness Measures:

# Electronic Benefit Transfer (EBT)

## What does this appropriation support?

It supports a statewide delivery system for Food Stamp and Temporary Assistance benefits. Operational statewide since May 1998, Electronic Benefits Transfer (EBT) replaced a paper-based system with a more secure debit card. Formerly, Food Stamp benefits were provided through paper coupons and Temporary Assistance recipients received checks. The EBT system has been a successful benefit delivery system, enabling recipients to use the same type of system used everyday by other consumers completing transactions with debit and credit cards. Inherent in the system is the availability of data that can be used to identify retailer and recipient fraud. This system supports the intended use of the benefits by maximizing the amount of benefits spent for legitimate purposes.

The Family Support Division currently contracts with EFD/eFunds Corporation, Government Solutions to coordinate the activities of this program.

## What is the authorization for this program?

State statute: RSMo 208.182

Federal law: Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, PL 104-193

Is this a federally mandated program? Yes.

## Are there federal matching requirements?

Yes. The state match for over 90% of program expenditures is 50%. The remaining expenditures are allocated to a pool that earns a federal rate collectively.

# Polk County Trust

## What does this appropriation support?

The Polk County and Bolivar Charitable Trust was established by Mr. David Delarue on September 2, 1986. Programs and eligibility are to be determined by a local board of community individuals, with emphasis on services to individuals to improve their life and to be of benefit to the community as a whole. The trust is utilized for the benefit of the people of Polk County as determined by the donor of the trust, David Delarue. Funds will be authorized by the board for the following purposes:

- Improve the quality of life of the citizens of Polk County as determined by the board;
- Provide for community education projects;
- Meet the various needs of homeless, dependent or neglected children; and,
- Provide for emergency needs of families and children immediately, as such needs are identified.

The board has the option, as stipulated in the trust, to allow funds to accumulate for future use for the Citizens of Polk County.

## What are the sources of other funds?

Family Services Donations

## What does this appropriation support?

The Family Assistance Management Information System (FAMIS) automation project encompasses the design, development and implementation of an integrated, federally certified system for the Child Care, Food Stamp, Temporary Assistance, MO HealthNet and related programs. FAMIS is designed to meet the present and future needs of DSS and its clients. The system establishes supercases and creates eligibility units, automates the application process, gathers information, determines eligibility and issues benefits. In addition the system generates alerts, reports and notices; maintains a resource directory; recalculates benefits when changes occur and processes recoupments. Significant progress has been made as the project implemented Provider Registration in June 1999, Child Care Eligibility and Authorization in October 1999, Food Stamp Eligibility in August 2003, and Temporary Assistance in November 2004. Implementation of the MO HealthNet requirement began in December 2006. Further MO HealthNet development and implementation continues through 2008.

## What is the authorization for this program?

Federal law: Title IV-A of the Social Security Act  
Federal regulations: 45 CFR Part 95, 7 CFR Part 272 and 277

Is this a federally mandated program? No.

## Are there federal matching requirements?

Yes. FAMIS has an approved allocation plan outlining financial participation of the state and federal partners.

# Community Partnerships

## What does this appropriation support?

The 21 Missouri Community Partnerships are decision-making entities, broadly representative of a county or multi-counties, that partner with the department and other state agencies to plan, develop, finance and monitor strategies to achieve specific core results.

The six core results are:

- Children & Families Safe
- Children & Families Healthy
- Children Ready to Enter School
- Children & Youth Succeeding in School
- Youth Ready to Enter the Workforce & Become Productive Citizens
- Parents Working

Missouri's Community Partnership sites: Boone County, Buchanan County, Butler County, Cape Girardeau County, Dunklin County, Greene County, Jackson County, Jasper and Newton Counties, Jefferson County, Knox and Schuyler Counties, Marion County, Mississippi County, New Madrid County, Pemiscot County, Pettis County, Phelps County, Randolph County, Ripley County, St. Francois County, St. Louis City and County and Washington County

## What is the authorization for this program?

State statutes: RSMo 208.335, 205.565

Is this a federally mandated program? No.

## Are there federal matching requirements?

# Missouri Mentoring

## What does this appropriation support?

The Missouri Mentoring program provides for intervention programs offering work site and teen parent mentoring to youth at risk of entering the welfare system or the justice system. Sites have job-site and teen parenting components serving youth primarily between 16 and 21 years of age. There are mentoring sites in St. Louis, Cape Girardeau, Boone, Phelps, Greene, Buchanan, Pemiscot and New Madrid Counties. Community partnerships administer and manage these initiatives except in St. Louis and Springfield where the Family Resource Center, Inc., and Missouri State University, respectively, are the contracting entities.

# Temporary Assistance for Needy Families

## What does this appropriation support?

It provides cash assistance to families based on income and family size for a period not to exceed 60 months in total in a lifetime with some exceptions. This assistance helps keep children in the home, promotes job preparation and work, prevents out of wedlock births, and encourages formation and maintenance of two parent families. The state does extend assistance paid for by federal funds beyond the 60 month limit on the basis of hardship (domestic violence, substance abuse, mental health or family crisis). Parents/caretakers are exempt from the lifetime limit if they are age 60 and over or permanently disabled. In FY 2008, a portion of the Temporary Assistance funding was redirected to a new program called Community Work Support grants. FSD awarded grants to 8 community organizations to provide community level supports for individuals to overcome barriers that prohibit them from being employed.

## What is the authorization for this program?

State statute: RSMo 208.040  
Federal law: PL 104-193 and Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996

## Is this a federally mandated program?

Yes.

## Are there federal matching requirements?

Yes. There is a state maintenance of effort required to earn the Temporary Assistance for Needy Families (TANF) block grant that pays for the program. Expenditures from other programs also provide state maintenance of effort required to earn the TANF block grant.

## Efficiency and Effectiveness Measure:

# Adult Supplementation

## What does this appropriation support?

Adult Supplementation provides a monthly cash benefit to targeted aged, blind and disabled persons. This program along with Supplemental Security Income (SSI) provides supplemental payments to persons receiving less income than they were receiving in December 1973 from prior programs. Persons whose income was less than their 1973 income, but were not eligible for SSI receive Supplemental Payment Only (SP-Only).

## What is the authorization for this program?

State statute: RSMo 208.030  
Federal law: Section 1616 of the Social Security Act

## Is this a federally mandated program?

Yes. States are required to make Supplemental Payments (SSI-SP or SP Only) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs.

Are there federal matching requirements? No.

## What are the expenditures?

## Who is eligible?

- Unlike other assistance programs, applications are not taken for Adult Supplementation Payments. Only people who were receiving Old Age Assistance, Permanent and Total Disability or Aid to the Blind Benefits from the state of Missouri in December 1973 are eligible for these payments. They are also eligible for medical care. The two supplementation types are Supplemental Security Income-Supplemental Payment (SSI-SP) and Missouri Supplemental Payment-Only (SP-Only).
- An SSI-SP recipient is eligible for SSI. If countable earned and unearned income is less than their total cash income for December 1973, a supplemental payment is made.
- SP-Only recipients are people who are not eligible for SSI payments because their income exceeds the SSI maximum payment, but it is not sufficient to meet their December 1973 eligible income level. A Missouri supplemental payment is made to maintain their eligible income level.

# Supplemental Nursing Care

## What does this appropriation support?

A large population of Missouri citizens are forced to move into MO HealthNet certified nursing facilities because they can not afford to stay in facilities that are not MO HealthNet certified. The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in Residential Care Facilities (RCF), Assisted Living Facilities (ALF), non-MO HealthNet certified areas of Intermediate Care Facilities (ICF) and Skilled Nursing Facilities (SNF). These grants help low income seniors and poor persons with disabilities afford adequate care. Individuals remain in a less restrictive environment for long term care, improving the quality of life.

## Who is eligible?

Supplemental Nursing Care (SNC) recipients must be 65 or over in age, permanently and totally disabled or blind and have insufficient income to meet the basic facility charge. Resources must be less than \$1,000 for a single person, or \$2,000 for a married person.

# Blind Pension

## What does this appropriation support?

### Blind Pension:

Provides assistance for blind persons who do not qualify under the supplemental aid to the blind law and who are not eligible for Supplemental Security Income benefits. Each eligible person receives a monthly cash grant and state funded MO HealthNet.

### Supplemental Aid to the Blind (SAB):

This program is operated in Missouri in conjunction with a totally state-supported blind pension program. Through SAB the state provides blind persons who meet certain requirements with reasonable subsistence in accordance with the standards developed by Family Support Division. Eligible individuals receive a monthly cash grant and MO HealthNet.

## What is the authorization for this program?

State statute: RSMo 208.020, 208.030, 209

Federal law: Section 1618 of the Social Security Act

## Is this a federally mandated program?

Blind Pension is not mandated. SAB is mandated. Federal law mandates that once a state exercises their option to operate a program (such as SAB) it may not be terminated without losing all federal medical assistance.

## What are the sources of other funds?

Blind Pension Fund (Revenue source is 0.3% of each \$100 valuation of assessed taxable property.)

## Who is eligible?

### Blind Pension:

- 18 years or older, of good moral character, living in the state and blind as defined by RSMo 209.040;
- Has not given away, sold or transferred real or personal property in order to be eligible for Blind Pension;

- Is single, or married and living with spouse, and does not own real or personal property worth more than \$20,000 (In determining the value of real or personal property, the real estate occupied by the blind person or spouse at the home shall be excluded);
- Has no sighted spouse living in Missouri who can provide support;
- Is found ineligible for Supplemental Aid to the Blind;
- Is willing to have medical treatment or an operation to cure the blindness unless he/she is 75 years of age or older;
- Is not a resident of a public, private or endowed institution except public mental institution; and
- Is found ineligible to receive federal supplemental income benefits.
- \$575 per month is the maximum. People who receive Blind Pension also receive state MO HealthNet benefits.

### Supplemental Aid to the Blind:

- 18 years of age or older, living in the state, blind as defined by RSMo 209.040 and in need of assistance because there is insufficient income to meet basic needs;
- Single and does not own real or personal property worth more than \$2,000 or, if married and living with spouse, does not own real or personal property worth more than \$4,000 individually or together (Note: In figuring the value of property the following is not considered: the home in which the blind person lives, clothing, furniture, household equipment, personal jewelry or any property used directly by the blind person in earning a living.);
- Does not have parents living in Missouri or a sighted spouse who can provide support;
- Does not publicly solicit alms;
- Is not a resident of a public, private or endowed institution except a public medical institution; and
- Is required to apply for Supplemental Security Income (SSI).
- \$575 per month is the maximum grant, reduced by the amount of SSI received. People who receive SAB also receive MO HealthNet benefits.

# Refugee Assistance

## What does this appropriation support?

Provides services to eligible refugees and/or persons with refugee status. The resettlement program promotes economic self sufficiency within the shortest possible time after a refugee's entrance into the state through the planned and coordinated use of support services, with cash and medical assistance as transition aid where necessary. This program helps to reduce the number of families/individuals receiving public benefit payments and increases the contribution to Missouri's economy. The program contracts with entities that provide services such as English as Second Language, job placement and resettlement services such as finding suitable housing. FSD is implementing a pilot project working with the Missouri elderly and disabled refugees who are not able to take advantage of the normal naturalization process due to barriers, such as ill health and ability to understand English. Other barriers, such as federal delays in paperwork for citizenship, have been cited.

# Community Services Block Grant (CSBG)

## What does this appropriation support?

The purposes of the Community Services Block Grant (CSBG) are to reduce poverty, revitalize low-income communities and to empower low-income families and individuals in rural and urban areas to become fully self-sufficient.

Activities to address and reduce poverty conditions such as unemployment, inadequate education, inadequate housing, inadequate available income, unmet emergencies and malnutrition are carried out by a network of 19 local, non-profit Community Action Agencies (CAAs) serving 114 counties and the city of St. Louis. The CSBG is utilized by CAAs - multi-purpose organizations - to provide services based on all locally determined needs. CSBG funds are coordinated with other federal, state, local and private funds to support services and activities for low-income families and communities. Missouri Community Action Agencies use CSBG funds to provide a mix of the following services and activities: early childhood education, literacy, job training, transportation, utility assistance, emergency food, asset development, financial literacy, economic development and community development.

## What is the authorization for this program?

State statute: RSMo 660.370

Federal law: PL 105-285, Community Services Block Grant Act

## Is this a federally mandated program?

In the event that the Congress of the United States approves a block grant system to fund social programs, the state may, subject to appropriation, use such block grant funds or in-kind services to provide a level of financial assistance for CAAs to carry out community action programs through the community services block grants pursuant to the federal Community Services Block Grant Act and other such federal funding sources which may be appropriate. Federal statutes require that 90% of the CSBG funding be passed through to CAAs. A portion of the remaining funds is used for discretionary purposes such as contracts to Indian Centers, capacity building and Results Oriented Management & Accountability (ROMA).

# Homeless Challenge Grant

## What does this appropriation support?

The Homeless Challenge program provides Community Services Block Grant (CSBG) funding to local cities and counties for the purpose of assisting individuals and families that are homeless or at risk of homelessness. Funds are used to provide emergency rent and utility assistance, case management, housing counseling, transitional housing and emergency shelter. Local units of government sub-contract with local community based and faith based organizations for the delivery of services to maintain or secure greater family security.

## What is the authorization for this program?

Federal law: PL 105-285, Community Services Block Grant Act

## Is this a federally mandated program? No.

## Are there federal matching requirements?

No federal match required, but local sub-recipients must match Homeless Challenge funds at a ratio of \$1 of Homeless Challenge funds with \$3 of local funding.

# Emergency Shelter Grants

## What does this appropriation support?

The Emergency Shelter Grants (ESG) provide funds to shelters for Missourians who are homeless due to a chronic disability, personal crisis, economic crisis, environmental crisis, or a shortage of low-income housing. Local governments match grant funding dollar for dollar. Community and faith based organizations enter into contracts with local governments to provide these services. This program is designed to assist movement toward independent living and homelessness prevention.

## What is the authorization for this program?

Federal law: PL 100-77, Stewart B. McKinney Homeless Assistance Act

## Is this a federally mandated program?

No. However, ESG is a component of Missouri's Consolidated Plan for all funding from the Department of Housing and Urban Development.

## Are there federal matching requirements?

Yes, matching funds are required of grantees (local units of government and/or their sub-recipients) on a dollar for dollar basis. The state can award grantees a waiver under certain conditions. The state does not provide any matching funds for this program.

# Food Distribution

## What does this appropriation support?

Through the US Department of Agriculture (USDA), Food Distribution Program, this program provides food to help improve the nutritional status of children and needy adults. The Food Distribution program provides for distribution of USDA-donated foods to all "non-school" recipient agencies, along with food distribution to residential child care institutions, summer food service programs for children, disaster relief agencies and six non-profit food banks that provide emergency food assistance to needy persons/households and organizations providing meals for the homeless. The Family Support Division contracts with companies and non-profit organizations to store and transport the food. The federal funding also provides for administrative services including allocation, warehousing, storage, delivery, accounting and federal reporting responsibilities.

The six foodbanks that receive these services are: St. Louis Area Foodbank, Central Missouri Food Bank, Bootheel Food Bank, Harvesters-The Community Food Network, Ozarks Food Harvest and America's Second Harvest of Greater St. Joseph.

## What is the authorization for this program?

State statutes: RSMo 205.960-967  
Federal laws: PL 107-171, 104-193, 104-127, 100-435, 98-8, 93-86, 81-439, 74-320

**Is this a federally mandated program?** No.

## Are there federal matching requirements?

There is no match for The Emergency Food Assistance Program (TEFAP) funding which is utilized in this appropriation. However, the state must provide a cash or in-kind contribution equal to the amount of TEFAP administrative funds received under this federal program and retained by the state for state level costs (employee salaries, travel, equipment) which is paid out of Family Support Division Administration.

# Energy Assistance

## What does this appropriation support?

Low-Income Home Energy Assistance Program (LIHEAP) provides limited financial assistance to eligible low-income households with payment of their home energy costs. The intent of this assistance is to aid in the effort of becoming self sufficient and to reduce health and safety risks associated with disconnection of utility service. There are two separate programs: Energy Assistance (EA) and Energy Crisis Intervention Program (ECIP). EA provides assistance from October through March for eligible individuals. ECIP provides assistance to households meeting certain criteria who are in a current situation of disconnection or threat thereof.

# Blind Administration

## What does this appropriation support?

Blind Administration provides for personal services, expense and equipment and communication costs for both field and central office staff to administer the Services for the Blind and Visually Impaired programs. Blind Administration is also responsible for the coordination and administration of Rehabilitation Services for the Blind (RSB) policies and procedures. RSB administers the following 7 programs designed to provide blind and visually impaired individuals with the opportunity to obtain employment commensurate with their goals and abilities and to attain the independent living skills appropriate for each consumer. Please refer to Services for Visually Impaired narrative for more detailed information on each program.

- Vocational Rehabilitation (VR)
- Business Enterprise Program (BEP)
- Prevention of Blindness (POB)
- Independent Living Rehabilitation - Children (ILR-Child)
- Readers for the Blind
- Independent Living Rehabilitation - Adult (ILR-Adult)

# Child Support Field Staff & Operations

## What does this appropriation support?

The Family Support Division (FSD) promotes parental responsibility. Whenever a child receives support from a non-custodial parent their need for MO HealthNet benefits or Temporary Assistance benefits may decrease. Child Support Field Staff and Operations provides for the salaries, communication costs and office expenses for front-line worker, supervisory and support staff to operate the 22 Child Support Field offices located across the state of Missouri and three central field support units. Field office staff establish paternity, establish orders, enforce orders and modify orders.

# Privatization Collections

## What does this appropriation support?

The Family Support Division (FSD) is responsible for collecting support on cases with children who have received Temporary Assistance (TA) benefits. It is difficult to collect on cases with only TA arrears due to the state. FSD utilizes a private vendor to meet the demands of these time-consuming, difficult-to-collect cases. The current contractor collected \$3.6 million in SFY-2007

## What is the authorization for this program?

State statutes: RSMo 210 and 454  
Federal regulations: 45 CFR  
Chapter 11

## Who is eligible?

Cases that are referred to the contractor must meet the following criteria:

- There must be an order for support;
- The non-custodial parent (NCP) cannot be receiving SSI or public assistance;
- The NCP cannot be incarcerated;
- The NCP must owe \$500 or more in assigned arrears (i.e., the arrears are owed to the state because the custodial parent [CP] and child[ren] received Temporary Assistance for Needy Families [TANF] in the past);
- It has been at least six months since the CP and child(ren) received TANF;
- There have been no payments in the previous three months (excluding tax offsets);
- The CP has not requested non-TANF child support services; and,
- If arrears are owed to the CP, they must be in the conditional bucket (COND) and less than \$1,000.

## Is this a federally mandated program?

The state is obligated to collect TANF arrears; however, the use of a contractor to make these collections is not required.

## Are there federal matching requirements?

This program receives federal IV-D funds which requires a state match of 34%.

# CSE Reimbursement to Counties

## What does this appropriation support?

The Family Support Division (FSD) partners with county governments of Missouri to increase the quantity and the quality of child support services provided to families. Most counties have entered into cooperative agreements with FSD to assist in executing child support services. The state of Missouri must provide services to any child of an individual who applies for child support services, and when requested, individuals not residing within the state must receive the same child support services as individuals residing within the state. FSD delivers child support services, to the extent possible, using administrative processes under the authorities granted in Chapter 454, RSMo. When administrative remedies are exhausted without successful outcomes or when administrative processes are not appropriate in the delivery of child support services, the division requests the assistance of prosecuting attorneys. Prosecuting attorney staff assist the division by using judicial processes to establish paternity, establish support orders, prosecute and otherwise enforce support orders.

Multi-County Service Centers - Child support field offices may refer cases for establishment of parentage or establishment and enforcement of support obligations to Multi-County Service Centers rather than to the local county prosecuting attorney's office. These centers are usually staffed by an assistant prosecuting attorney and two support staff who are dedicated solely to child support enforcement activities for select counties in a geographical area. These centers were established to address audit compliance issues in local prosecuting attorney offices.

In FY 2008, there were separate appropriations for CSE Reimbursements to Counties and Multi-County Service Centers. In FY 2009, FSD is requesting that the Multi-County Service Centers appropriation be transferred into the CSE Reimbursement to Counties appropriation.

In the past, CSE Reimbursements to Counties was funded through federal Child Support Incentives and the matching federal IV-D funds. The Deficit Reduction Act of 2005 (DRA), Public Law 109-171, Section 7309 of the DRA provides that effective October 1, 2007, no federal funds will be paid to a State for amounts expended from incentive payments made to the State under section 458 of the title IV-D of the Social Security Act. Therefore, the Family Support Division will no longer be able to use

incentive payments as a match for other federal funds. In FY 2008, FSD requested and received general revenue to replace the lost federal earnings from no longer being able to use incentive payments as a match for IV-D funds.

Due to the change, County Reimbursements are now funded with CS Incentives, general revenue, and the matching federal funds (IV-D) on the general revenue. Multi-County Service Centers are funded with Child Support Enforcement Collections (CSEC fund) and the matching federal funds (IV-D).

## What is the authorization for this program?

State statutes: RSMo 210 and 454.405  
Federal regulations: 45 CFR Chapter III and 302.34

## Is this a federally mandated program?

Yes, except for Multi-County Service Centers which are not a mandate.

## Are there federal matching requirements?

Yes. This program is partially funded by IV-D funds which require a 34% state match.

# Youth Services Administrative Services

## What does this appropriation support?

It provides funding for Central Office and five regional offices located across the state. Personnel in this appropriation are responsible for the overall administration of services and programs within the Division of Youth Services (DYS).

DYS is charged to provide reception, classification, care, activities, education and rehabilitation of youth committed by the Juvenile Courts. The division's primary goal is to keep committed youth from further delinquent behavior.

## What is the authorization for this program?

State statutes: RSMo 219.011-219.096

Is this a federally mandated program? No.

## Are there federal matching requirements?

This program does not have a federal matching requirement; however, program expenditures are used as state Maintenance of Effort (MOE) to earn the Social Services Block Grant (SSBG) and Temporary Assistance for Needy Families block grant (TANF). States must maintain a certain level of state funding participation in allowable block grant spending categories to earn the entire SSBG and TANF blocks. In addition, salaries are pooled with other department administrative salaries to earn a federal indirect rate.

# Youth Treatment Programs

## What does this appropriation support?

It provides funding for all treatment related services for the Division of Youth Services (DYS). The personal services and expense and equipment for the day-to-day operation of all residential facilities and day treatment programs are included in Youth Treatment Programs. This appropriation also covers the cost of providing case management services to DYS' youths and training to division staff. Youth Treatment Program components include case management, non-residential care and residential care.

# Juvenile Court Diversion (JCD)

## What does this appropriation support?

It provides funding to juvenile courts to be used for local juvenile programs which divert youth from commitment to the Division of Youth Services (DYS).

The Juvenile Court Diversion Program (JCD) is designed to encourage development of services to youth at the local level while diverting youth from commitment to DYS. The initial thrust in the early 1980s was directed at the rural areas of the state where limited resources impede the development of programs for youth. In recent years urban circuits have been involved in the program.

## What is the authorization for this program?

State statute: RSMo 219.041

Is this a federally mandated program? No.

## Are there federal matching requirements?

This program does not have a federal matching requirement; however, program expenditures are used as state Maintenance of Effort (MOE) to earn the Temporary Assistance for Needy Families block grant (TANF). # Children's Administration

## What does this appropriation support?

The Children's Division (CD) is charged with administering a variety of child welfare programs. These programs include: Foster Care, Adoption/Guardianship Subsidy, Residential Treatment Services, Psychiatric Diversion, Children's Treatment Services, Child Abuse and Neglect, Child Assessment Centers, Independent Living, Transitional Living and Child Care.

## What is the authorization for this program?

State statutes: RSMo 207.010, 207.020  
Federal: 42 USC Sections 670 and 5101

## Is this a federally mandated program?

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to investigate child abuse and neglect and care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

## Are there federal matching requirements?

Children's Division administrative expenditures are reimbursable at the Children's Division time study rate of around 27.4% federal (72.6% state match) or at the IV-E administrative rate of 50% (50% state match) if expenditures are 100% IV-E reimbursable. The time study rate is determined by polling a select number of Children's Division staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

## Efficiency and Effectiveness Measures:

# Children's Field Staff and Operations

## What does this appropriation support?

Provides for Children's Service Workers and support staff for the Children's Division (CD) programs in each of the 45 Judicial Circuits in the state of Missouri. Front line staff respond to allegations of child abuse or neglect, provide assistance for families in need of services to keep or return children home safely, secure appropriate out of home placements for children placed in the division's custody, and locate permanent homes when it is in the best interest of children.

# Child Welfare Accreditation

## What does this appropriation support?

The Children's Division is in the process of seeking accreditation by the Council on Accreditation (COA). According to Section 210.113 RSMo, it is the intent and goal of the General Assembly to have the department (Children's Division) attain accreditation by COA within five years of the effective date of this section (i.e., by August 28, 2009). To achieve accreditation, Missouri's child welfare system is reviewed and measured against nationally-recognized standards of best practice established by COA. As of June 26, 2008, Missouri's Central Administration, the Child Abuse and Neglect Hotline and 60% of the judicial circuits (circuits 4, 5, 6, 8, 10, 11, 12, 14, 15, 16, 18, 19, 21, 23, 24, 25, 26, 28, 29, 32, 33, 34, 35, 36, 40, 43 and 44) have met accreditation standards.

# Children's Staff Training

## What does this appropriation support?

The Children's Division Professional Development and Training program provides staff training and education for all levels of Children's Division staff and community representatives as appropriate. Training of staff on agency policy and practice that uses federal and state statute as a framework is essential to ensure that children and families receive appropriate, adequate services to meet their individual needs.

## What is the authorization for this program?

State statutes: RSMo 210.112(4), 210.180, 210.543  
Federal: 42 USC Sections 670 and 5101

## Is this a federally mandated program?

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Training related to these obligations would be considered mandatory.

## Are there federal matching requirements?

Child Welfare training expenditures may receive a 75% IV-E federal match for every dollar spent, making the state match obligation 25%. The state match related to the education programs is paid/certified by the participating universities and colleges. Administrative expenditures related to training may receive a 50% IV-E federal match.

# Children's Treatment Services

## What does this appropriation support?

This program provides services for families and children to prevent child abuse and neglect (CAN) and to treat the negative consequences when CAN occurs. These services are administered by third party providers and include counseling and therapy, parent aide and education services and intensive in-home services (family preservation). Services are provided to keep children from entering alternative care as well as return children safely to their homes.

## What is the authorization for this program?

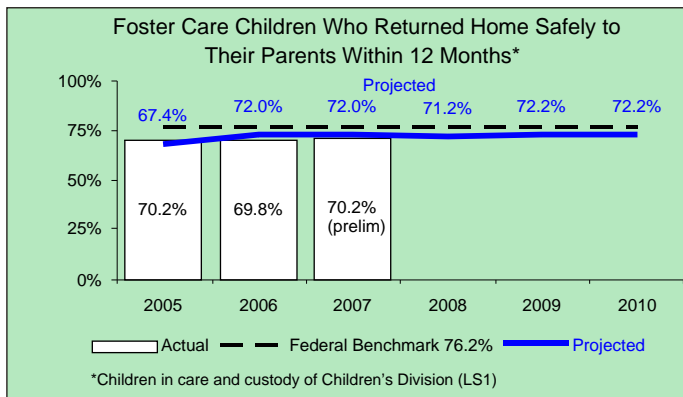

State statutes: RSMo 207.010, 207.020, 210.001, 211.180

**Is this a federally mandated program?** No.

## Are there federal matching requirements?

Most Children's Treatment Services expenditures do not earn federal dollars. Some expenditures are used as state maintenance of effort (MOE) to earn the federal IV-B 2 family preservation and support other block grants.

# Crisis Nursery

## What does this appropriation support?

Crisis Nurseries provide temporary care for children, whose parents/guardians are experiencing an unexpected and unstable/serious condition that requires immediate action resulting in short term care. Without this care, the children are at risk for abuse and neglect or at risk of entering state custody. Crisis Nurseries serve children ages birth through 12 years of age (and siblings of these children if necessary). Care for this age group is typically due to an immediate emergency where the parent has no other support systems to provide care and the child is too young to be left alone, such as parental incarceration, another sick child in the household, homelessness, domestic violence, parental illness, etc.

Crisis Nursery services are provided free of charge to families voluntarily accessing services in response to such a family emergency. Crisis Nursery services are available 24 hours a day, 7 days a week. A child will be accepted at a crisis nursery facility at any time, day or night, if space is available. Crisis Nursery contracts are awarded through a competitive bid process which was rebid in 2007.

# Teen Crisis Care

## What does this appropriation support?

Teen Crisis Care Centers provide a safe haven for teenagers, ages 13 through 17 years, who are experiencing a crisis at home. Teens experiencing crisis, and lacking a safe haven, may also resort to participation in risky behaviors in order to survive. As a result these teens sometimes fall prey to predators, drug addiction, prostitution, and/or experience serious injury or, in the extreme, death.

Teen Crisis Care services are provided free of charge to families voluntarily accessing services in response to such a family crisis. Crisis care services are available 24 hours a day, 7 days a week. A teen will be accepted at a crisis care facility at any time, day or night, if space is available. Crisis Care contracts are awarded through a competitive bid process which was rebid in 2007.

# Child Abuse Prevention

## What does this appropriation support?

This program will provide a child abuse prevention demonstration project in the St. Louis metropolitan region. The Children's Division is in the process of releasing a Request for Proposal (RFP) with an anticipated contract award date of January 2008. These services will be provided to families and children in three different ways. One will use a child abuse prevention model to reach a minimum of 10,000 children. The second will utilize an evidence-based parent focused model to provide education to a minimum of 500 families. The third will utilize an evidence-based home visitation model focused on family preservation to reach a minimum of 50 families. This program includes an outside evaluation to be comprehensive of the outcomes to provide quantitative and qualitative analysis. The outcomes of this program will be consistent with the five Strengthening Families protective factors:

- Parental resilience
- An array of social connections
- Adequate knowledge of parenting and child development
- Concrete support in times of need
- Healthy social and emotional development of children

# Foster Care

## What does this appropriation support?

The Foster Care program provides alternative living arrangements for children who are removed from their parent or legal guardian and placed in the Children's Division's (CD) custody by the Juvenile/Family Court to protect them from abuse and neglect. Maintenance payments to foster parents, clothing allowances, special expenses, contracts for family reunification, foster parent training and respite for foster parents are provided by this program.

## What is the authorization for this program?

## Is this a federally mandated program?

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

## Who is eligible?

Children in the care and custody of the Children's Division.

## How many people have been served?

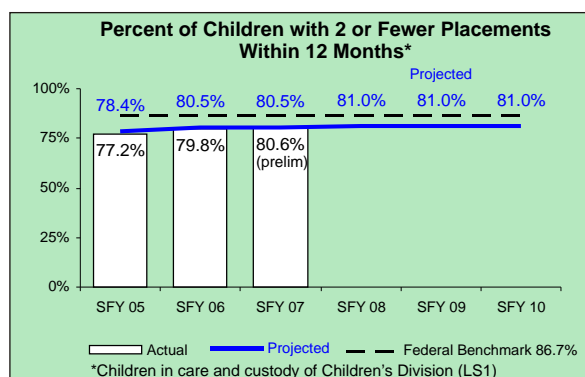

## What are the sources of other funds?

## Are there federal matching requirements?

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories – Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded while expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match 60%. There is a 50% state match (50% federal earned) for IV-E administrative costs and a 25% state match (75% federal) for IV-E training costs. Some non-matchable expenditures in the foster care program are used to earn the IV-B Part 2 Family Preservation grant that supports the Children's Division.

## Efficiency and Effectiveness Measure:

# Residential Treatment Services

## What does this appropriation support?

Provides for residential rehabilitative treatment necessary for children who are either status offenders or have emotional or psychological difficulties caused by abuse and neglect. Depending on specific needs, types of residential care include emergency, levels 2-4, family-focused, infant/toddler, maternity and maternity with infant. For a select number of children with severe behavioral health needs, residential treatment services include an integrated delivery system managed by care management organizations (CMOs).

In FY 2006, two distinct residential contracts were awarded to providers. The Residential Rehab contract covers services necessary to address the behavioral needs of children and transition them to Community-Based settings through rehabilitative planning, evaluation and service delivery. Children served under this contract have completed an assessment (CSPI) to establish eligibility. The Residential Treatment IV-E contract covers provide room, board and supervision to children placed in residential settings. The focus of this contract is to cover placement costs rather than actual services.

Due to pending federal regulations limiting Title XIX rehabilitation services for children in the state's custody, these two contracts are being combined. Title IV-E and federal Title XIX Rehab funding will support this contract. Room and board will be paid as a per diem basis and the treatment costs will be paid fee for service. Need, as determined by the rehabilitative treatment plan, will determine the level or number of units of rehabilitative services authorized.

Having a single contract is expected to allow the department to maintain compliance with federal regulations; strengthen Title XIX Rehab claiming protocols; maintain compliance with the federal district court order to base room and board reimbursements on cost-based methodology and simplify contract management for the department and Residential Treatment Service providers.

# Performance Based Case Management Contracts

## What does this appropriation support?

The Children's Division contracts with 7 consortiums to provide foster care case management services to children who have been removed from their homes and are under the jurisdiction of the Juvenile Court. These children have been abused and/or neglected or were found to be at serious risk of such. The goal of the performance based case management contracts is to improve safety, stability and timely permanency for these children.

Seven contracts were awarded in the St. Louis, Kansas City and Springfield regions. Services purchased include the following: assessments, treatment planning, placement planning, service planning and permanency/concurrent planning. In addition, the contractors are expected to develop community resources to serve these children, including relative, foster and adoptive homes. Included in the case rate to these providers is funding for services such as counseling, funding to purchase items to meet the family's immediate needs and funding to purchase items on behalf of the child who has been removed from their home such as clothing.

Performance outcomes were incorporated into these contracts with the expectation that contractors achieve these outcomes and they are reviewed and renegotiated at the time of the contract renewal.

# Adoption/Guardianship Subsidy

## What does this appropriation support?

Adoption/Guardianship Subsidy and Services is a financial assistance program available to children who have special needs and who do not have an adoptive family readily available to adopt them or who achieve permanency through guardianship. This program covers maintenance and expenses such as legal costs involved in the adoption/guardianship, which are reimbursed to the adoptive/guardianship parents. Guardianship Subsidy and Services provides eligible relatives with the same services that an adopted child would receive under the state only funded Adoption Subsidy and Services program.

# Adoption Resource Centers

## What does this appropriation support?

HB 11 provides funding for the purpose of establishing Adoption Resource Centers in Kansas City and St. Louis. The purpose of the centers will be to prevent adoption disruption, promote family well-being and recruit adoptive parents. Services that may be provided include the following:

- Support groups for youth
- Educational services, including training on accessing special education services
- Crisis intervention
- Respite Care
- Medical/behavioral services, including an Adoption Certificate Program for mental health professionals

## What is the authorization for this program?

# Independent Living

## What does this appropriation support?

The Chafee Foster Care Independence program replaces the Independent Living Initiative. This program targets children who are likely to remain in foster care until 18 years of age, helping them to make the transition to self sufficiency through formal life skills training and curriculum and to receive the education, training and services necessary to obtain employment. The program provides personal and emotional support to children aging out of foster care through mentors and the promotion of interactions with dedicated adults. Financial, housing, counseling, employment, education and other appropriate support services are provided to former foster care recipients between 18 and 21 years. This program complements these children's own efforts to become self sufficient.

## What is the authorization for this program?

State statutes: RSMo 207.010, 207.020, 210.001  
Federal law: PL 99-272

## Is this a federally mandated program?

Independent Living is a federally funded and mandated program.

## Are there federal matching requirements?

Yes. There is a 20% state match required to earn the Chafee grant. This state match comes from other programs' expenditures.

## Who is eligible?

- Youths who are likely to remain in foster care until age 18.
- Youths between the ages of 14 and 21.
- Former Foster Care youths who left Foster Care at age 17½ or after, but have not reached age 21.

# Transitional Living Program

## What does this appropriation support?

The Transitional Living Program (TLP) provides a living environment in the best interest of the youth, which is a path for the youth to transition from alternative care to independence and achieves the outcome of self-sufficient youth. In this program a youth moves from a structured family or residential setting to group homes and apartments, or lives with an advocate (TLA program) in order to facilitate their move to adult independence. Youth in TLP typically have the permanency goal of Another Planned Permanent Living Arrangement; this program provides oversight and supervision to ensure the transition to self sufficiency is successful.

# Child Assessment Centers

## What does this appropriation support?

Child Assessment Centers (CACs) provide a child-friendly setting where children, reported to have been sexually abused, can be interviewed by multi-disciplinary team members and receive a single medical examination. The Children's Division makes grants to the CACs. The funds are used for expenses needed to operate the centers such as salaries, equipment, facility costs, etc. MO Kids First, the organization which represents CACs, develops the funding plan for distribution of these funds which is then reviewed and implemented by the department.

# Psychiatric Diversion

## What does this appropriation support?

Psychiatric Diversion is a funding stream which diverts children from expensive inpatient psychiatric hospitalization and/or shortens the length of time children spend in inpatient psychiatric care when hospitalization is necessary. This funding also provides for alternative placements such as career foster homes and other therapeutic wraparound interventions such as one-on-one supervision, counseling and other mental health services.

## What is the authorization for this program?

State statutes: RSMo 210.292, 210.048-210.531, 211.031  
Federal: 42 USC Sections 670 and 5101

## Is this a federally mandated program?

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected.

## Are there federal matching requirements?

Most psychiatric diversion costs are Title XIX rehab or IV-E reimbursable. Both types of claims are paid at the FMAP (Federal Medical Assistance Percentage) rate. The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match is 60%.

# IV-E Authority - Juvenile Courts

## What does this appropriation support?

The Children's Division (CD) has Title IV-E contracts with certain juvenile courts or family courts. The purpose of the contracts is to reimburse the court the federal match for children who are placed in the court's custody and in an out-of-home placement. In order to qualify, CD staff must determine the child to be Title IV-E eligible and reimbursable. This program brings federal dollars to the courts so that they can plan for the child and maintain their placement without placing the child in the custody of the Children's Division.

There are four contracts with juvenile or family courts throughout the state. CD has contracts with Boone County Juvenile Court (13th Judicial Circuit), Buchanan County Juvenile Court (5th Judicial Circuit), Jackson County Family Court (16th Judicial Circuit) and Bruce Normile Juvenile Justice Center (2nd Judicial Circuit).

## What is the authorization for this program?

Federal laws: PL 96-272, Title IV-E of the Social Security Act

Is this a federally mandated program? No.

## Are there federal matching requirements?

Yes, this federal funding comes from Title IV-E, which requires a state match. The juvenile and family courts entering into contracts with the Children's Division are responsible for the state match.

# Child Abuse/Neglect Grants

## What does this appropriation support?

The Children's Division (CD) receives the Child Abuse and Neglect (CAN) Basic Grant, and the Children's Justice Act (CJA) Grant. The guidelines for the grants specify criteria that must be met, as well as limitations on how the funds can be expended. The CAN Grant is to be used for the purpose of assisting Missouri in developing, establishing, and operating programs designed to improve the following:

- the handling of child abuse and neglect cases, particularly cases of child sexual abuse and exploitation, in a manner which limits additional trauma to the child victim;
- the handling of cases of suspected child abuse or neglect related fatalities; and,
- the investigation and prosecution of cases of child abuse and neglect, particularly child sexual abuse and exploitation.

The CJA Grant is used to fund initiatives for the investigation and prosecution of child abuse.

## What is the authorization for this program?

## Who is eligible?

For the state to be eligible for the Child Abuse and Neglect Grant, state law must contain certain components, i.e., confidentiality standards and definitions of child abuse.

To be eligible for the Children's Justice Act Grant the state must be eligible for the above grant.

## Efficiency and Effectiveness Measures:

# Foster Care Children's Accounts

## What does this appropriation support?

When children are placed in the Children's Division custody, outside income on behalf of the children such as Social Security, SSI and Child Support are pursued. The Foster Care Children's Accounts provide a central account for the distribution of outside income for children in the Children's Divisions' (CD) care and custody, offsetting state expenses and providing support for the child, if they can safely return home.

## What is the authorization for this program?

State statute: RSMo 210.560

# Purchase of Child Care

## What does this appropriation support?

The Purchase of Child Care program supports subsidies for low-income working families to assist with the purchase of child care and programs to improve the quality and availability of early childhood care and education in Missouri.

## What is the authorization for this program?

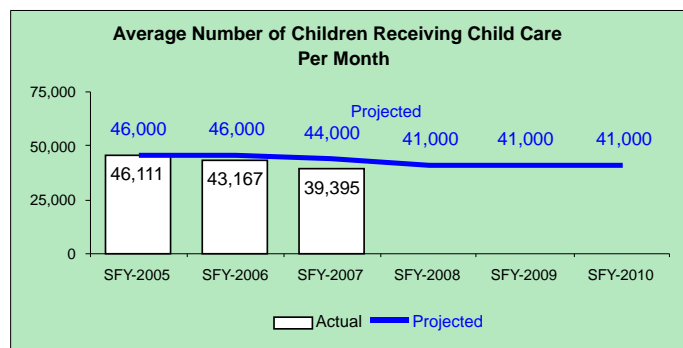

State statute: RSMo 208.044, 313.835  
Federal regulation: 45 CFR 98.10

Is this a federally mandated program? No.

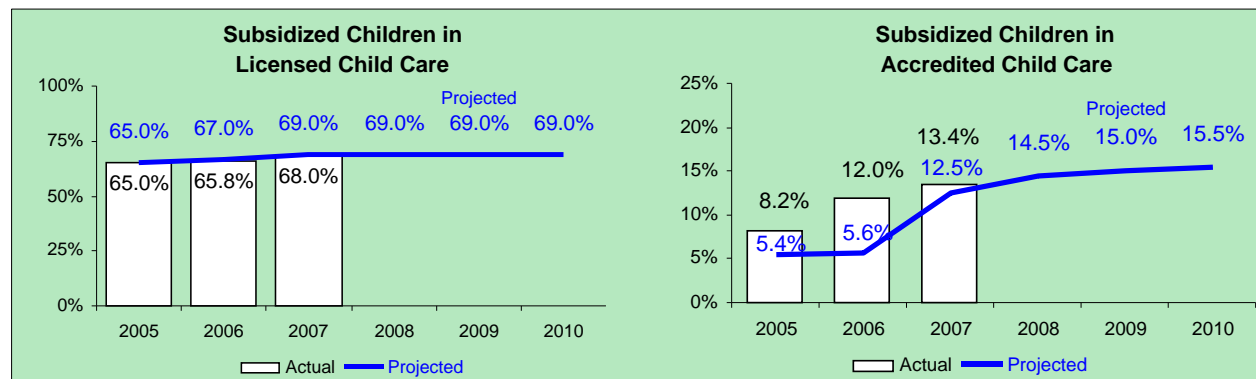

## Are there federal matching requirements?

Yes. The federal Child Care Development Fund (CCDF) block grant funds subsidy and quality subsidy supports. This block grant is broken down into three types of funding: mandatory, discretionary and matching. To receive mandatory funding, a state must maintain a certain level of state funding commitment - a Maintenance of Effort (MOE). Expenditures in the Purchase of Child Care program help to meet this MOE requirement. There is a state match requirement to receive matching components of the CCDF.

# Third Party Liability (TPL) Contracts

## What does this appropriation support?

It provides payments for contracted TPL recovery activities and cost avoidance of MO HealthNet expenditures. TPL functions are performed by agency staff in the TPL Unit and by a contractor. The current contractor is Health Management Systems. They are paid for services through a 6.75% contingency contract rate for cash recoveries. The third-party recovery program accounted for more than \$175.3 million in savings for the state MO HealthNet program in FY 2007 through TPL recoveries and avoiding claims. Health plans in the MO HealthNet Managed Care program are responsible for the collection of TPL from commercial health insurance for plan enrollees.

## What is the authorization for this program?

State statute: RSMo 208.153, 208.215  
Federal law: Social Security Act, Section 1902, 1903, 1906, 1912, 1917  
Federal regulation: 42 CFR 433 Subpart D

## Is this a federally mandated program?

Yes, if cost effective. In order to not pursue a TPL claim, the agency must obtain a waiver from Centers for Medicare & Medicaid Services by proving that a cost recovery effort is not cost effective.

# Information Systems

## What does this appropriation support?

It supports processing fee for service claims and managed care encounter data through a contractor for the Medicaid Management Information System (MMIS). It also provides for operation of the Medicaid Fraud and Abuse Detection System and the Program Enrollment Unit.

The primary function of Information Systems (IS) is to provide the tools and data needed to support administrative and financial decisions and to process fee-for-service claims and MO HealthNet managed care encounter data. IS focuses on the gathering, maintenance, analysis and output of information and data related to claims and a multitude of claims-related interfaces. It is additionally responsible for providing the software and hardware support needed to measure, analyze, assess and manipulate this information in the process of decision making and formulating and testing new systems.

The Fraud and Abuse Detection System (FADS) was implemented in October 2004. This system is designed to maximize the return on investment in fraud and abuse programs.

The Provider Enrollment Unit is responsible for maintaining the records for all providers enrolled in MO HealthNet.

## What is the authorization for this program?

State statute: RSMo 208.201  
Federal law: Social Security Act Section 1902(a)(4) and 1903(a)(3)

# Pharmacy

## What does this appropriation support?

It provides funding for prescription drugs produced by manufacturers with a rebate agreement with the federal Department of Health and Human Services (HHS), and dispensed by qualified providers to fee-for-service enrollees.

Since January 1, 1991, the MO HealthNet program has provided reimbursement for all outpatient drugs (except for those which are specifically excluded or for which prior authorization is necessary) for which there is a manufacturer's rebate agreement. While over-the-counter preparations do not require a prescription for sale to the general public, a prescription for those selected types of over-the-counter products that qualify for MO HealthNet coverage is required for the product to be reimbursable. In general terms, MO HealthNet drug reimbursement is made at the lower of: the Wholesale Acquisition Cost (WAC) plus 10%; the Federal Upper Limit (FUL); the Missouri Maximum Acquisition Cost (MAC); or the billed charge.

## What is the authorization for this program?

State statutes: RSMo 208.152, 208.166

## Efficiency and Effectiveness Measure:

# Pharmacy - Medicare Part D Clawback

## What does this appropriation support?

The Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003 requires that all individuals who are eligible for both Medicare and MO HealthNet begin receiving their prescription drugs through the Medicare Part D program. This change resulted in a significant shift in benefits for elderly and disabled dual eligible beneficiaries because they receive their drugs through a prescription drug plan (PDP) rather than through the state MO HealthNet program.

Beginning in January 2006, states were required to make a monthly payment to the federal government to, in effect, re-direct the money that the states would have spent on providing prescription drugs to beneficiaries in MO HealthNet. The clawback consists of a monthly calculation based on the combination of (a) the state's per capita spending on prescription drugs in 2003, (b) the state MO HealthNet matching rate, (c) the number of dual eligibles residing in the state, and (d) a "phase-down percentage" of state savings to be returned to the federal government, beginning with 90% in 2006 and phasing down to 75% in 2015.

The federal government refers to this payment as the "phased-down state contribution", whereas the states refer to the payment as the "clawback". This clawback payment is, in effect, a funding source for the Medicare Part D program. In theory, it uses the General Revenue that the state would have paid for the MO HealthNet pharmacy benefit for funding the Part D program.

## What is the authorization for this program?

Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003

## Is this a federally mandated program?

Yes, the states are required to make a monthly payment to the federal government to re-direct the money that the states would have spent on providing prescription drugs to participants in MO HealthNet.

**Are there federal matching requirements?** No.

# Missouri Rx Plan

## What does this appropriation support?

It is a pharmacy benefit program for MO HealthNet dual eligibles (Medicare/Medicaid) and certain seniors and persons with disabilities below 200% of the federal poverty level (FPL). The program provides a wraparound benefit for those enrolled in Medicare's (Part D) prescription drug program.

SB 539 (2005) established a state pharmaceutical assistance program known as the Missouri Rx Plan. The purpose of this program is to coordinate pharmaceutical benefits between the Missouri Rx plan and the federal Medicare Part D drug program for MO HealthNet dual eligibles (Medicare/Medicaid) and other seniors and disabled Missourians below 200% of FPL. The Missouri Rx plan pays for 50% of members' out of pocket costs remaining after their Medicare Prescription Drug Plan pays. Missouri Rx pays for 50% of the deductible, 50% of the co-pays before the coverage gap, 50% of the coverage gap and 50% of the co-pays in the catastrophic coverage.

## What is the authorization for this program?

State: RSMo 208.780 through 208.798  
Federal law: Medicare Prescription Drug Improvement and Modernization Act of 2003, PL108-173.

## Efficiency and Effectiveness Measure:

## What does this appropriation support?

It provides payment for dental services for MO HealthNet participants. Dental services are typically those diagnostic, preventative and corrective procedures provided by a licensed dentist or dental hygienist performing within his/her scope of practice. The dentist must be enrolled in the MO HealthNet program. Generally, dental services include: treatment of the teeth and associated structure of the oral cavity; preparation, fitting and repair of dentures and associated appliances; and treatment of disease, injury or impairments that affect general oral health of a participant.

## What is the authorization for this program?

## Efficiency and Effectiveness Measures:

# Home Health & PACE

## What does this appropriation support?

It funds Home Health services and Program for All Inclusive Care for the Elderly (PACE). These programs help MO HealthNet participants remain in their homes instead of seeking institutional care.

**Home Health** - Home health services provide primarily medically oriented treatment or supervision, on an intermittent basis, to homebound individuals with an acute illness which can be therapeutically managed at home. The care follows a written plan of treatment established and reviewed every 62 days by a physician. Services included in the Home Health benefit are skilled nursing; home health aide; physical, occupational and speech therapies; and supplies.

Home health services are reimbursed on a per visit basis which is a personal contact for a period of time, not to exceed 3 hours in a client's home. Payment for the visit is the lower of the provider's actual billed charge or the MO HealthNet agency established capped amount.

The current MO HealthNet cap is \$63.27. The cap was increased by \$0.48 (from \$62.79) in FY 2008.

**PACE** (Program of All-Inclusive Care for the Elderly)- PACE maximizes each participant's potential and continued residence in the home and community by providing preventive primary care and supports to the individual while in their home and community. In other words, PACE helps the participant stay as independent as possible. The PACE organization is the individual's sole source provider, guaranteeing access to services but not to a specific provider. It provides a full range of preventive, primary, acute, and long-term care services 24 hours per day, 7 days per week, in an adult day health center setting. All medical services the individual requires while enrolled in PACE are the financial responsibility of the PACE provider.

PACE combines adult day settings, home care, interdisciplinary teams, transportation systems, and capitated payment systems so that providers can respond to the unique needs of each frail, elderly individual served.

## What is the authorization for this program?

State statute: RSMo 208.152, 208.168  
Federal law: Social Security Act Sections 1894, 1905(a), 1905(a)(24), 1905(a)(7), 1915(c), 1934  
Federal Regulations: 42 CFR 440.170(f), 440.210, 440.130, 440.180 and 460

## Is this a federally mandated program?

Home health is mandatory and PACE is optional.

## Are there federal matching requirements?

States can earn the federal medical assistance percentage (FMAP) on Medicaid program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Generally, Missouri's FMAP for FY 2009 is a blended 63% federal match. The state matching requirement is 37%.

# Non-Emergency Medical Transportation (NEMT)

## What does this appropriation support?

It provides payments for NEMT for MO HealthNet participants who do not have access to free transportation to scheduled MO HealthNet covered services.

## What is the authorization for this program?

State statute: RSMo 208.152  
Federal regulation: 42 CFR 431.53 and 440.170

## Is this a federally mandated program?

Yes, state Medicaid programs must assure availability of medically necessary transportation.

## Are there federal matching requirements?

NEMT services receive a federal medical assistance percentage (FMAP) on program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Generally, Missouri's FMAP for FY 2009 is a blended 63% federal match. The state matching requirement is 37%. Services provided through public entities use state and local general revenue to transport MO HealthNet participants. MO HealthNet provides payment of the federal share for these services. These expenditures earn a 50% federal match.

## Who is eligible?

Non-emergency medical transportation is available to MO HealthNet participants who are eligible under a federal aid category. People participating under a state only funded category (except for children up to 150% of poverty) or under a Title XXI expansion category are not eligible for NEMT services. NEMT is included in MO HealthNet Managed Care health benefits. Prior to November 2005, payments were made only for services that were provided. Since then, capitated payments are made for all participants. The number of participants reported below is an average monthly number of people for whom capitated payments were made.

There were 314,809 NEMT public entity trips taken in FY 2007.

# Managed Care

## What does this appropriation support?

It provides funding for capitation payments to managed care health plans on behalf of participants enrolled in MO HealthNet managed care.

The MO HealthNet Division (MHD) operates an HMO-style managed care program, MO HealthNet Managed Care. Health plans contract with the state and are paid a monthly capitation payment for providing services for each enrollee. Participation in managed care is mandatory for certain MO HealthNet eligibility groups within the regions in operation. The Managed Care program has operated in the Eastern Region since September 1, 1995; in the Central Region since March 1, 1996; and in the Western Region since January 1, 1997. Effective January 1, 2008, MC+ Managed Care is being introduced in 17 counties contiguous to the 3 existing regions. Other counties may be added in the future.

## What is the authorization for this program?

State statute: RSMo 208.166

Federal law: Social Security Act Sections 1902(a)(4), 1903(m), 1915(b), 1932

Federal regulations: 42 CFR 438 and 412.106

## Is this a federally mandated program?

Managed care covers most services available to fee for service eligibles. As such, both mandatory and non-mandatory services are included. Services not included in managed care are available fee for service.

## Are there federal matching requirements?

States can earn the federal medical assistance percentage (FMAP) on Medicaid program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Generally, Missouri's FMAP for FY 2009 is a blended 63% federal match. The state matching requirement is 37%.

# Rural Health Clinics

## What does this appropriation support?

Telehealth is the use of medical information exchanged from one site to another via electronic communications to improve the health status of a patient.

The purpose of this item is to enable connectivity between Rural Health Clinics (RHCs) and the Missouri Telehealth Network. Rural Health Clinics interested in telehealth will be connected on a pilot project basis, to enable participants receiving services at the RHC to access specialist services via the telehealth network.

# Federal Reimbursement Allowance (FRA)

## What does this appropriation support?

The FRA program provides payments for hospital inpatient services, outpatient services, managed care capitated payments, SCHIP and Women's Health Services (using the FRA assessment as general revenue equivalent). The FRA program supplements payments for the cost of providing care to MO HealthNet participants under Title XIX of the Social Security Act and to the uninsured. Hospitals are assessed a provider tax for the privilege of doing business in the state. The assessment is a general revenue equivalent and when used to make valid MO HealthNet payments, earns federal dollars. These earnings fund the FRA program. Currently 143 hospitals participate in the FRA program. For the first half of FY 2008, the FRA assessment is 5.99% and for the second half 5.49%. The program generates funding that is used to fund Medicaid programs.

## What is the authorization for this program?

State statute: RSMo 208.453  
Federal law: Social Security Act Section 1903(w)  
Federal regulation: 42 CFR 443 Subpart B

Is this a federally mandated program? No.

# Women's Health Services

## What does this appropriation support?

Provides funding for health care services for uninsured women losing their MO HealthNet eligibility 60 days after the birth of their child. They are eligible for women's health services for one year. Women's health services include:

- Department of Health and Human Services approved methods of contraception;
- Sexually transmitted disease testing and treatment, including pap tests and pelvic exams;
- Family planning counseling/education on various methods of birth control; and,
- Drugs, supplies or devices related to women's health services described above when they are prescribed by a physician or advanced practice nurse (subject to the national drug rebate program requirements.)

## What is the authorization for this program?

State statute: RSMo 208.040, 208.151  
Federal law: Social Security Act Sections 1115 and 1923(a)-(f)  
Federal regulations: 42 CFR 433 Subpart B and 412.106

**Is this a federally mandated program?** No.

## Are there federal matching requirements?

Most of the Women's Health Services are eligible for an enhanced 90% federal match, requiring a state match of only 10%. The remaining services are matched at the federal medical assistance percentage (FMAP) calculated for Medicaid program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Missouri's FMAP for FY 2009 for these remaining services is a blended 63% federal match. The state matching requirement is 37%.

## State Children's Health Insurance Program (SCHIP)

### What does this appropriation support?

Provides funding for health care services to MO HealthNet participants covered through SCHIP.

### What is the authorization for this program?

State statute: RSMo 208.631 through 208.657  
Federal law: Social Security Act, Title XXI  
Federal regulations: 42 CFR 457

**Is this a federally mandated program?** No.

### Are there federal matching requirements?

States can earn the federal medical assistance percentage (FMAP) on Medicaid program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Missouri's enhanced SCHIP FMAP for FY 2009 is a blended 74.06% federal match. # Insure Missouri

## What does this appropriation support?

It provides health care coverage through private insurers for Missouri's low-income uninsured working population. The benefit package will include prescription drugs, emergency room, physician office services, inpatient hospital, outpatient services, diagnostic services, urgent care center, home health services, durable medical equipment, inpatient and outpatient mental health. The benefit package will not include vision, dental, maternity and non-emergency medical transportation.

## What is the authorization for this program?

State statute: HB 11, Section 11.525

Is this a federally mandated program? No.

## Are there federal matching requirements?

States can earn the federal medical assistance percentage (FMAP) on program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Generally, Missouri's FMAP for FY 2009 is a blended 63% federal match. The state matching requirement is 37%.

## Who is eligible?

In state fiscal year 2008, custodial parents and caregivers with incomes less than 100% of the federal poverty level (FPL) will be the first to have the opportunity to enroll in the program. In FY 2009, enrollment of custodial parents and caregivers with incomes less than 120% FPL, childless adults with incomes less than 120% FPL and employees of small businesses (25 or less employees) are under consideration.

## Efficiency and Effectiveness Measure:

# Nursing Facility Federal Reimbursement Allowance (NFFRA)

## What does this appropriation support?

The NFFRA program assesses nursing facilities in the state a fee for the privilege of doing business in the state. The funds collected by the state are used to fund the MO HealthNet Nursing Facility program and are used as state match for federal funding. In FY 2007, approximately 500 nursing facilities participated in the MO HealthNet program and received enhanced reimbursement. The current NFFRA fee is \$8.42 per patient occupancy day.

## What is the authorization for this program?

State statute: RSMo 198.401  
Federal law: Social Security Act Section 1903(w)  
Federal regulation: 42 CFR 443, Subpart B

**Is this a federally mandated program?** No.

## Are there federal matching requirements?

States can earn the federal medical assistance percentage (FMAP) on Medicaid program expenditures. # Department of Elementary and Secondary Education (DESE)

## What does this appropriation support?

It provides funding for payments for school-based administrative services and school-based Early Periodic Screening, Diagnosis and Treatment (EPSDT) services.

The Department of Elementary and Secondary Education (DESE) core appropriation provides funding for payment for school-based administrative services and school-based EPSDT services consisting of medical/dental screenings, diagnosis and treatment to correct or improve defects and chronic conditions. An interagency agreement is in place between the MO HealthNet Division and the DESE so that cooperative efforts would be used to provide the most efficient administration of the EPSDT program. The provision of EPSDT services by DESE expands MO HealthNet EPSDT services and has been determined to be an effective method of coordinating services. The federal share of expenditures for these services provided by local school districts are being paid through this appropriation.

## What is the authorization for this program?

The authority associated with the services is reflected above.

**Is this a federally mandated program?** No.

## Are there federal matching requirements?

Administrative expenditures earn a 50% federal match. For every dollar spent, DSS can earn \$0.50 in federal funding. States can earn the federal medical assistance percentage (FMAP) on Medicaid program expenditures. The Social Security Act requires the Secretary of Health and Human Services to calculate and publish the actual FMAP each year. The FMAP is calculated using economic indicators from states and the nation as a whole. Generally, Missouri's FMAP for FY 2009 is a blended 63% federal match. The state matching requirement is 37%.

# Office of the Director

## What does this program do?

The role of the Office of the Director is to provide leadership and direction for approximately 8,200 employees in the seven divisions of the Department of Social Services (DSS). In its leadership role, the Office of the Director:

- coordinates and monitors the division's operational plans and major policy initiatives;
- identifies emerging issues and formulates the department's response to them;
- ensures appropriate and effective use of public funds appropriated to the department;
- creates public/private partnerships to resolve issues facing children and families;
- is Missouri's voice in national human services forums; and
- is the liaison between those who administer the department's programs and the Governor's Office, the General Assembly, other state agencies, other state governments, the federal government, citizens, provider groups, the business community and philanthropic organizations.

Four program divisions (Children's Division, Family Support Division, Division of Youth Services and MO HealthNet Division) and three support divisions (Divisions of Budget and Finance, General Services and Legal Services) report to the Office of the Director.

## What is the authorization for this program?

State statute: RSMo 660.010

Is this a federally mandated program? No.

## Are there federal matching requirements?

There is no federal matching requirement. However, expenditures are pooled with other administrative expenditures to earn a federal indirect rate.

# Federal Grants and Donations

## What does this program do?

This appropriation provides the department with a centralized administrative mechanism to receive and expend new grants or donations as they become available during the fiscal year. The Division of Budget and Finance coordinates the use of this authority for the department as divisions pursue sources other than general revenue for funding. New funding sources and new grants provide opportunities to sustain the level of service delivery and fund program development that will better serve Missourians. Without this appropriation, the department would be forced to delay use of new grants and donations until emergency or supplemental appropriations are approved.

Flexible language provides the opportunity to capitalize on changes in federal fiscal policy should it result in new private or federal grants not presently available or foreseen. This appropriation is primarily used for one-time and/or time-limited federal grants and may support a wide variety of expenditures, including staff if called on or required, for effective administration of the grant or donation.

Grants awarded that will utilize this appropriation to expend funds during FY 2009 are as follows:

- Head Start Innovation and Improvement Grant
- School Violence Hotline
- Education and Training Vouchers
- Youth Services Donations
- STAT Multidisciplinary Training Grants
- Healthy Start Grow Smart Grant
- Internet Cyber Crime Grant
- MHD Transformation Grant
- CD PBC & QA Systems Demonstration Project (the Missouri project on Privatization of Out-of-Home Care for Children)

## What is the authorization for this program?

State statute: RSMo 660

Is this a federally mandated program? No.

## Are there federal matching requirements?

Some federal grants require a state match. State matches are paid from the grantee division's budget. The percentage of required state match depends on the grant.

# Human Resource Center

## What does this program do?

The Human Resource Center (HRC) plans, develops and implements statewide human resource programs; giving direction and coordination to all divisions within the Department of Social Services (DSS).

The quality and level of services provided to the public through DSS programs are directly affected by the performance of each division's employees. Therefore, the service and support functions provided within DSS by HRC are necessary to maintain a qualified and productive workforce. HRC's mission is to serve the divisions in a timely and responsible manner through training, guidance and assistance, thus contributing to the retention of a productive and harmonious workforce.

# Field and Line Staff Training

## What does this program do?

Provides staff training to the Department of Social Services (DSS) field and line staff.

DSS has identified the need to assist employees in reaching their full potential through training opportunities structured to integrate common and important themes and values outlined in the vision and mission of the department. In response to this need, the Human Resource Center (HRC) has developed a comprehensive training plan that incorporates curriculums designed to meet the unique goals of the department.

All courses allow the participants to learn skills to perform their jobs in the most effective and efficient manner. DSS supports career development for its employees and stresses the need to continue to make available the training necessary for front line staff and supervisors to excel in their careers. Additionally, DSS is utilizing these training efforts to meet the requirements of the Management Training Rule.

# Division of Budget and Finance

## What does this program do?

The division provides centralized financial support to all Department of Social Services (DSS) divisions.

The Division of Budget and Finance (DBF) is DSS' central accounting and financial control unit with staff specializing in financial management functions including auditing, budgeting and federal receipts and reporting. The division implements the department's fiscal policies (claiming strategies, expenditure control, etc.) and responds to changes in federal and state fiscal policy. DBF administers all DSS tax credit programs and provides representation for emergency management efforts. The Center for Management Information (CMI) provides direction for the department's research and data management functions.

# Revenue Maximization

## What does this program do?

Provides a mechanism to make contingency contract payments on revenue maximization projects.

The Department of Social Services enlists the assistance of private entities that specialize in maximizing federal program dollars and identifying other non-general revenue sources.

## What is the authorization for this program?

State statute: RSMo 660.010

Is this a federally mandated program? No.

## Are there federal matching requirements?

No. Contractors are paid from new federal funds resulting from successful revenue maximization projects. There may be a state match required to receive the additional funds.

# Receipt & Disbursement - Refunds

## What does this program do?

This appropriation allows the department to make timely deposits of all receipts and then to make refunds or corrections when necessary. Pursuing this method creates additional interest earnings for the state treasury. Delaying the deposit of funds increases the chance that funds will be misused. The State Auditor, who routinely reviews the cash receipt function of the department for accuracy and timeliness, endorses prompt deposit of all funds received. This appropriation also affords the division the authority to make correcting payments in the event funds were originally deposited to an inappropriate fund or when refunds to the payer are required due to an original overpayment.

# Legal Services

## What does this program do?

The Division of Legal Services (DLS) provides comprehensive legal support to all program and support divisions in the Department of Social Services (DSS). This includes litigation, administrative hearings and investigations and the State Technical Assistance Team (STAT).

## What is the authorization for this program?

State statutes: RSMo Chapters 58, 194, 205, 207, 208, 210, 211, 219, 452, 453, 454, 455, 456, 473, 621, 660 Federal regulations: Medicaid 42 USC Chapter 7 Subchapter XIX, Section 1396; 20 CFR 404 1001-1096; 1501-1675 Subchapter 8(1,2); 42 CFR 440-441,483; 45 CFR 205 and 206; TANF 45 CFR 233, 261, 262; 7 CFR 273.15; 7 CFR 273.16(e); 45 CFR 303.101; 45 CFR 302.50; 45 CFR 302.70 (2); 45 CFR 303.8(B); 45 CFR 303.100; 45 CFR 303.105; 7 CFR Section 273.18; 42 CFR Section 456.3(a); CFR Section 456.1-456.23; 42 USC Section 5106a; 42 USC Sections 670-680

## Is this a federally mandated program?

Yes, in some areas. DLS performs administrative hearings for the following federally mandated programs: MO HealthNet, Temporary Assistance for Needy Families, Food Stamps and Child Support. DLS provides investigation services for food stamp fraud, claims and restitution and MO HealthNet fraud. The litigation section manages cases related to MO HealthNet utilization, child protection and permanency planning in the areas of foster care, adoption and reunification.
